

**Smoke Control/Exhaust Systems and Inspection Fee Worksheet**

The information in this section pertains to the permit and inspection fees for Smoke Control/Exhaust Systems. This includes new installation, additions, or modifications to the system. The permit fee includes the initial inspection of the system. Plan review fees are \$95 per hour (1 hour minimum) and are in addition to the permit fee. Any re-inspections to a failed system will result in a \$150.00 per system re-inspection fee and must be paid prior to the re-scheduled inspection.
